NCsoft's first-quarter operating profit surged 204 percent on-year to W241.4 billion thanks to the success of its new game "Lineage 2M," and sales jumped 104 percent to W1,225 billion, it said Tuesday (US\$1=W1,225).

The multiplayer online game was unveiled in November last year and generated W341.1 billion in sales during the first three months of this year, accounting for 47 percent of total revenues.

It plans to unveil more mobile and PC games this year.

Chief financial officer Yoon Jae-soo said, "Revenues from the U.S., Europe and Japan in particular are growing sharply."
